

This is the draft Research Collaboration Agreement for the UKRRIN 2 Pilot. It is intended for use between RSSB and universities seeking to act as project lead for proposals.

The draft agreement is provided to give universities visibility of the proposed terms and is intended to represent a near-final position.

As the UKRRIN 2 Pilot Research Collaboration Agreement must align with the RSSB and Participant Funder contract, any changes to the Funder agreement as it progresses towards completion may require corresponding changes to the University agreement.

This draft University agreement is not being presented for negotiation; however, any feedback received will be considered at RSSB's discretion.

5. PROJECTS

- 5.1 In the event that there is a specific requirement, RSSB shall set out, in as much detail as possible, the aims and objectives, any required Project Deliverables and the delivery timeframe. This will be accompanied with a template for submitting the response, appropriate to the requirement.
- 5.2 In response to a Project request the University shall send a Project proposal to the RSSB Representative utilising the template for submitting the response and setting out, in relation to the

proposed Project, and in as much detail as possible the aims and objectives, any required Project Deliverables and the delivery timeframe.

- 5.3 If a University proposal is agreed by RSSB the University shall complete the relevant information as set out in Annexure A of Schedule 1 (to the extent such information are available) including but not limited to the Project aims and objectives, Project Deliverables, a clear description of the Project, delivery timeframe, resources to be allocated (including Employees) and the cost of the Project.
- 5.4 In the event that the Parties continue their discussions after the submission of a Project proposal, and in the event that the terms of the Project proposal alter, the Parties shall record those amendments in an amended Project proposal, which shall be agreed between them.
- 5.5 Once the Parties have agreed the content of the Project proposal (or amended Project proposal, as the case may be) the Representatives shall ensure that the appropriate contracting bodies at their respective Party and Participant Funders (where applicable) are advised that an accord has been reached, which requires formalisation through a Project Agreement, which will be prepared by RSSB.

6. FINANCIAL PROVISIONS

- 6.1 In consideration of the rights and benefits accruing to RSSB hereunder and subject to the terms and conditions of this Agreement, agreements concluded with Participant Funders and any Project Agreement, RSSB shall allocate funding for the Project at a level to be agreed between the Parties in the relevant Project Agreement, and calculated in accordance with Clause 6.2 and Clause 6.3.
- 6.2 In calculating the level of funding required for a Project the Parties shall agree whether the costing model for the Project is to be set at the Standard Rate, or at the Discounted Rate. The costing model will typically have been defined as part of the project request in 5.1.
- 6.3 In addition to agreeing the costing model to be used for a Project, the Parties shall also seek to identify within the Project Agreement additional Project costs required for inclusion in calculating the required funding for the Project including, without limitation, costs of materials, equipment, facilities, software, third party and/or regulatory consents, transportation, production and carriage of Project Deliverables, taxes and other incidentals.
- 6.4 The Project costs shall be subject to a monitoring process throughout the term of the Project. The University shall provide quarterly financial reports to RSSB or at such other intervals as may be agreed in writing between the Parties.
- 6.5 The University will submit an invoice to RSSB for payment as defined in the Project Agreement. RSSB will make payment of undisputed invoices (or undisputed part(s) of any invoice) within 30 days of the date of invoice or such other time as set out in the relevant Project Agreement (the "Due Date") by way of electronic fund transfer to the University's bank account as notified by the University to RSSB.
- 6.6 If payment of an undisputed invoice (or undisputed part(s) of any invoice) is delayed for any reason by more than 14 days beyond the Due Date, without prejudice to any other right or remedy available to the University, the University may do either or both of the following:

- 6.6.1 suspend performance of the Project(s) to which the invoice relates, and charge RSSB for all reasonable costs and expenses incurred by the University as a result of such suspension;
 - 6.6.2 charge RSSB reasonable debt recovery costs together with an additional sum equivalent to interest on the outstanding balance at a rate of 4% per annum above the base rate from time to time of Lloyds Bank Plc, which shall accrue on a daily basis for the period beginning on the Due Date to and including the date payment is actually received by the University. The University reserves the right to add this additional sum to any subsequent invoice(s) until the full balance due to the University is paid.
- 6.7 Unless otherwise specified in the relevant Project Agreement, all payments made by RSSB to the University shall be paid in £GBP (pounds sterling). Payments shall be made by RSSB without right of deduction, set-off, lien or charge. Where VAT is chargeable in respect of any supply made to RSSB under or pursuant to this Agreement and/or any Project Agreement, RSSB shall in addition pay to the University an amount equal to the VAT payable, subject to receiving a VAT invoice for that amount.
- 6.8 Save for Project Deliverables and any other equipment set out and/or otherwise referenced in the relevant Project Agreement as vesting in the ownership of RSSB and/or a Participant Funder, all equipment purchased or constructed at the University using funds provided by RSSB and approved for such purpose pursuant to this Agreement and/or a Project Agreement shall be the property of the University. The University agrees:
- 6.8.1 if reasonably required by RSSB, to acknowledge the financial contribution by RSSB and/or any Participant Funders towards any such equipment in such reasonable way as may be mutually agreed between RSSB and the University;
 - 6.8.2 that there may be circumstances where the ownership or nature of the equipment (including without limitation, where there is an existing proprietary interest involved, equipment that is safety critical and/or an asset for which access and/or ownership is available to only a restricted class of persons) or Project is such that it would be appropriate for ownership of equipment to vest in RSSB, a Participant Funder and/or third party.

7. INTELLECTUAL PROPERTY

7.1 Background IP

- 7.1.1 All Background IP used in connection with this Agreement and/or a Project Agreement shall remain the property of the Party or Participant Funder introducing the same.
- 7.1.2 Each Party hereby grants (so far as it legally can) the other Party a worldwide, royalty-free, non-transferable, non-exclusive license to use any Background IP contributed by it that is necessary for the performance of the Project, and solely for that purpose, and such licence shall continue only for the duration of the Project. RSSB shall use reasonable endeavours to procure that any Participant Funder grants to the Parties a worldwide, royalty-free, non-transferable, non-exclusive license to use any Background IP contributed by the Participant

Funder that is necessary for the performance of any Project, and solely for that purpose, and such licence shall continue only for the duration of the Project

- 7.1.3 Where the University receives a licence to use Background IP pursuant to Clause 7.1.2 and reasonably considers that it is necessary or expedient for the performance of a Project to so do, the University may grant (so far as it legally can) a sub-licence to a third party (for example a sub-contractor or a collaborative partner in the Project) to use that Background IP, on terms no less onerous than those in Clause 7.1.2 (and shall enforce such terms at RSSB's request). The terms of such sub-licence shall prohibit further sub-licensing by the third party, and such sub-licence shall continue only for the duration of the third party's involvement in the Project. The University may only grant such a sub-licence to a third party who is a UKRRIN University or who is named within a Project Agreement.
- 7.1.4 Except in relation to Discounted Rate Projects, the University shall grant (so far as it legally can) to RSSB and any Participant Funders (determined on a Project basis) a non-exclusive license to use all Background IP which is vested in the University prior to the date of this Agreement where such Background IP is required by RSSB and/or any Participant Funder in order for RSSB and/or any Participant Funder to commercially exploit lawfully the Project IP but the University may limit the terms of any such licence (acting reasonably and having regard to RSSB's and/or any Participant Funder's Primary Objective), and such licence shall be subject to a requirement to make a fair and reasonable Financial Benefit to the University. The University (acting reasonably and having regard to RSSB's and/or any Participant Funder's) Primary Objective shall set out such limitations and/or Financial Benefit in the Project Agreement, or the Parties and a Participant Funder (where applicable) shall agree to enter into a written revenue sharing agreement which shall be completed by the Parties and a Participant Funder (where applicable) prior to any commercial exploitation of the Background IP and Project IP.
- 7.1.5 Unless otherwise agreed between the Parties and set out in the Project Agreement, no licence to use Background IP in connection with the commercial exploitation of Project IP shall be granted to RSSB and/or a Participant Funder in relation to Discounted Rate Projects.

7.2 Project IP

- 7.2.1 Ownership and other rights in Project IP shall be determined based on whether a Project is a Standard Rate Project, or a Discounted Rate Project, as set out in Clause [Error! Reference source not found.](#), Clause 7.3 and Clause 7.4 below. Ownership of Project IP includes the exclusive right to register and maintain any protection for the Project IP, unless otherwise stated in the relevant Project Agreement.
- 7.2.2 If notwithstanding the foregoing, any right, title or interest in and to the Project IP shall at any time accrue to any Party or Parties otherwise than as set out above by operation of law or howsoever otherwise, and whether vested, future and/or contingent, each such Party hereby, by way of present and future assignment, irrevocably assigns all such right, title or interest in and to the Project IP to the other Party, immediately upon the vesting of the

same in such Party, such that the Parties shall be entitled to all rights, title and interest in and to the Project IP on the same terms as set forth herein.

- 7.2.3 At the end of each Project the Parties agree they shall work together to prepare a report detailing the Project IP that has been generated by the Project.

7.3 Project IP – Standard Rate Projects

- 7.3.1 For Standard Rate Projects, all rights, title and interests in and to Project IP shall be owned by, and vest in, RSSB and/or any Participant Funder (where applicable). Without prejudice to Clause 7.1.4 RSSB and/or any Participant Funder (where applicable) shall be free to commercially exploit the Project IP without making Financial Benefit to the University other than payment of the funding for the Project, as agreed under the Project Agreement in accordance with Clause 6.
- 7.3.2 For Standard Rate Projects, unless an alternate provision is provided in the project agreement, RSSB and any Participant Funder (where applicable) hereby grants the University a perpetual, irrevocable, worldwide, royalty-free, non-exclusive licence to use the Project IP for the purposes of non-commercial academic research only.

7.4 Project IP – Discounted Rate Projects

- 7.4.1 For Discounted Rate Projects, all rights, title and interests in and to Project IP shall be owned by, and vest jointly in RSSB, any Participant Funders (where applicable) and the University. Each of RSSB, any Participant Funder and the University shall be free to use the Project IP for any purposes, including (without limitation) academic research, teaching, publication, and commercial exploitation, without making Financial Benefit to RSSB or any Participant Funder.

7.5 Non-Project IP

- 7.5.1 All rights, title and interests in and to Non-Project IP shall be owned by and vest in the Party or Participant Funder (where applicable) that conceived or reduced the same to practice independently to the exclusion of the other Party. No licence, right, title or interest in respect of Non-Project IP shall be granted or implied to the other Party.
- 7.5.2 If notwithstanding the foregoing, any right, title or interest in and to the Non-Project IP shall at any time accrue to any Party or Parties otherwise than as set out above by operation of law or howsoever otherwise, and whether vested, future and/or contingent, each such Party hereby, by way of present and future assignment, irrevocably assigns all such right, title or interest in and to the Non-Project IP to the other Party, immediately upon the vesting of the same in such Party, such that the Parties shall be entitled to all rights, title and interest in and to the Non-Project IP on the same terms as set forth herein.

7.6 Joint Non-Project IP

- 7.6.1 Subject to the terms of this Clause 7.7, the Parties and Participant Funder (where applicable) shall own the Joint Non-Project IP as tenants in common in proportion to their respective contribution to the total costs of the relevant Project.
- 7.6.2 If notwithstanding the foregoing, any right, title or interest in and to the Joint Non-Project IP shall at any time accrue to any Party, Parties or Participant Funder (where applicable) otherwise than as set out above by operation of law or howsoever otherwise, and whether vested, future and/or contingent, each such Party hereby, by way of present and future assignment, irrevocably assigns all such right, title or interest in and to the Joint Non-Project IP to the other Party and/or Participant Funder, immediately upon the vesting of the same in such Party and/or Participant Funder (as applicable), such that the Parties and Participant Funder (where applicable) shall be entitled to all rights, title and interest in and to the Joint Non-Project IP on the same terms as set forth herein.
- 7.6.3 The Parties shall, each acting reasonably, agree between them arrangements for undertaking the filing, prosecution and maintenance of all applications for the registration of IP for the protection of the Joint Non-Project IP in the joint names of the Parties, Participant Funder (where applicable) or their assignees. Each Party shall provide reasonable assistance in the filing, prosecution and maintenance of all applications for the registration of the IP comprised in the Joint Non-Project IP and will cause to be executed all assignments and other instruments and documents as may be necessary or appropriate.
- 7.6.4 Unless otherwise agreed the Parties shall bear all expenses incurred in the filing, prosecution and maintenance of all applications for the registration of the IP comprised in the Joint Non-Project IP in proportion to their ownership interest.
- 7.6.5 Each Party may elect to discontinue its obligation to pay or reimburse expenses associated with any such applications relating to Joint Non-Project IP within any particular jurisdiction upon 30 days' written notice to the other Party, and the said Party's obligation to share in the said expenses shall cease immediately after the 30 days' written notice period. Where any Party elects not to seek or maintain any application relating to the registration of IP comprised in the Joint Non-Project IP in any particular jurisdiction or not to share in the expenses thereof in any particular jurisdiction ("Discontinuing Party"), the other Party shall have the right to seek or maintain such protection in such country at its sole expense in its own name to the exclusion of the Discontinuing Party. For the avoidance of doubt, the Discontinuing Party shall have no right, title and interest in relation to the relevant Joint Non-Project IP that is registered in the sole name of the other Party in accordance with this Agreement.
- 7.6.6 Subject to Clause 7.6.5 above, each Party and Participant Funder (where applicable) shall have the free and unfettered right to use, commercialise and license to third parties the Joint Non-Project IP for any purpose without seeking the consent of, and accounting to, the other Party or Participant Funder (where applicable). Nothing in this Agreement shall prevent the University freely using Joint Non-Project IP in accordance with normal academic practice including teaching, further research and publication.

- 7.6.7 Each Party agrees to reasonably cooperate with and give assistance to the other Parties and any Participant Funder (as applicable) in any claims, actions, demands, counterclaims in respect of any Joint Non-Project IP or the defence thereof, including executing or procuring to be done and executed all such further acts, deeds, things and documents as may be necessary or appropriate. All expenses in connection therewith shall be borne by the Parties (and Participant Funder where so specified in a Project Agreement) in proportion to their ownership interest, and any proceeds of litigation shall be shared between the Parties in proportion to the respective contributions to the expenses thereof.
- 7.7 This Clause 7 shall survive the expiry or termination of this Agreement for any reason whatsoever.
- 8. PUBLICATION**
- 8.1 Projects will form part of the actual carrying out of a primary charitable purpose of the University; that is, the advancement of education through teaching and research.
- 8.2 In accordance with normal academic practice, all Employees, students, agents or appointees of the University shall be permitted, subject to Clause 8.4 and the provisions of this Agreement relating to Confidentiality and following the procedures laid down in Clause 8.3, to discuss Project IP in internal seminars, and to give instructions within the University on questions related to such work.
- 8.3 The University shall, subject to Clause 7.3, be permitted to publish the results of the Project in accordance with normal academic practice. The University shall send RSSB and any Participant Funder (where applicable) a draft of all intended publications incorporating Project IP owned by RSSB and the Participant Funder (where applicable) in advance of publication, for RSSB and the Participant Funder (where applicable) to review. RSSB and the Participant Funder (where applicable) shall have 30 business days, after the receipt of the draft to request in writing the delay or amendment of such proposed publication on the grounds that there is subject matter which needs patent protection or similar protection or to prevent publication of any Confidential Information of RSSB and/or the Participant Funder (where applicable). In the event that neither RSSB or the Participant Funder (where applicable) notifies the University that it requires any delay in publication within 30 business days as aforesaid, the University will be free to publish or disclosure information relating to the Project IP.
- 8.4 RSSB and any Participant Funder (where applicable): may request the University to refrain from publishing for a maximum of:
- 8.4.1 six months in order to allow for application for patent protection in the name and at the cost of the relevant owner of the Project IP;
 - 8.4.2 such period as is specified in the request as being necessary (in the reasonable opinion of RSSB and/or the Participant Funder (as appropriate)) to redact and/or otherwise safeguard sensitive information which reveals operational vulnerabilities or is otherwise considered contrary to operational safety and/or the public interest, and the University shall in such circumstances abide by such requests.

- 8.5 Subject to clause 8.4, nothing contained in this Agreement shall prevent the submission of a thesis to examiners in accordance with the normal regulations of the University subject where appropriate to such examiners being bound by conditions of confidentiality in no less terms than those outlined in Clause 3, nor to the placing of such thesis in the library of the University provided that access to such thesis shall only be available on conditions of confidentiality no less onerous than those contained in Clause 3.
- 8.6 RSSB acknowledge that the University is required by its funders and/or regulators to demonstrate the quality and impact of its academic and research activities (including, without limitation, under the Research Excellence Framework) and RSSB agrees to promptly comply with all reasonable requests made by the University to provide such information (not including Confidential Information) as the University may reasonably request to seek to evidence such quality and/or impact. - 9.2 Subject to Clause 2.4 and except as may be specifically provided for in a Project Agreement, the University accepts no responsibility for any use which may be made of any work carried out under or pursuant to any Project Agreement, or of the results of any Project, or for any reliance which may be placed on such work or results, or for advice or information given in connection with them.
- 9.3 RSSB will use all reasonable endeavours and exercise proper care to ensure that Background IP and information it provides will not constitute or result in infringement of third party rights but it makes no representation or warranty that such Background IP or information given by or on behalf of RSSB or any RSSB Employee or the content or use of any materials, works or information provided in connection with any Project, will not constitute or result in infringement of third-party rights.

- 10.2 RSSB acknowledges and agrees that Projects will often be of an experimental and/or developmental nature, and except as may be specifically provided for in a Project Agreement, that no

representation warranty is given by the University regarding any particular outcome or result being achieved in respect of any Project. Notwithstanding the foregoing, the University represents, warrants and undertakes for RSSB's and any Participant Funder's benefit that:

- 10.2.1 it will perform and procure the performance of its obligations under this Agreement and any Project Agreement in compliance with all applicable law and in accordance with the terms and conditions of this Agreement and any Project Agreement;
 - 10.2.2 it shall discharge its obligations under this Agreement and any Project Agreement using personnel of reasonable skill, experience and qualifications.

Upon the termination or expiry of this Agreement, those terms incorporated into a Project Agreement shall continue to apply.

- 11.4 In the event that a Party shall commit any material breach of or default in any terms or conditions of this Agreement and/or a Project Agreement (for the avoidance of doubt including any failure to pay any University invoice by the Due Date), the non-defaulting Party may decide to serve written notice of such breach or default on the defaulting Party and in the event that such Party fails to remedy such default or breach within sixty (60) days after receipt of such written notice, the non-defaulting Party may, at its option and in addition to any other remedies which it may have at law or equity, terminate this Agreement by sending notice of termination in writing to the other defaulting Party to such effect.
- 11.5 If a Party (a) breaches any provisions of this Agreement and/or a Project Agreement and such a breach is irremediable; or (b) passes a resolution for its winding-up; or if (c) a court of competent jurisdiction makes an order for that Party's winding-up or dissolution; or (d) makes an administration order in relation to that Party; or if any Party (e) appoints a receiver over, or an encumbrancer takes possession of or sells an asset of, that Party; or (f) makes an arrangement or composition with its creditors generally; or (g) makes an application to a court of competent jurisdiction for protection from its creditors generally; the non-defaulting Party may, at its option and in addition to any other remedies which it may have at law or equity, terminate this Agreement with immediate effect by sending notice of termination in writing to the other defaulting Party to such effect.
- 11.6 In the event that it is agreed by all the Parties that there are no longer valid reasons for continuing with this Agreement, the Parties may decide to terminate this Agreement by mutual agreement in writing, signed by the duly authorised representatives of each Party.
- 11.7 Save as otherwise provided under this Agreement and/or any Project Agreement, upon termination or expiration of this Agreement and/or any Project Agreement:
- 11.7.1 each Party shall return to the Disclosing Party (or at such Disclosing Party's written instruction destroy) all Confidential Information of the Disclosing Party and shall certify in writing that it has done so (provided that each Party may retain a copy of Confidential Information for the purposes only of audit or regulatory compliance, and the obligations of confidentiality and non-disclosure in Clause 3 shall continue to apply in respect of that retained Confidential Information);
- 11.7.2 RSSB shall pay the University pro rata for all Project work done up to and including the date of termination of any Project Agreement(s), to the extent the funding for any Project(s) has not been paid;
- 11.7.3 except where termination is due to the University's material breach of this Agreement or a Project Agreement (as the case may be), RSSB shall pay to the University all Project costs which cannot reasonably be cancelled by the University, and shall promptly reimburse:
- 11.7.3.1 the employment costs of all staff appointed in relation to the Project before receipt of RSSB's notice to terminate, provided that the University has taken reasonable steps to seek to minimise those costs; and

- 11.7.3.2 student-related costs of PhD candidates or other students appointed to the Project before receipt of RSSB's notice to terminate, including, without limitation, fees and maintenance;

Reimbursement shall continue until the effective date of termination of each staff contract or studentship or the date on which the Project to which the cost(s) relate was to have ended (whichever is the earlier).

- 11.7.4 subject to clause 11.6.5, all rights and obligations of the Parties under this Agreement and/or the relevant Project Agreement shall cease; and
- 11.7.5 those rights or obligations of the Parties under any provisions which are expressly or by implication intended by the Parties to survive termination or expiration, shall survive and continue after termination or expiration of this Agreement and shall bind the Parties, its successors and assignors.
- 11.8 Termination or expiration of this Agreement shall not affect or prejudice any accrued right or liability of either Party or any other obligation surviving termination or expiration, or any rights or remedies of any Party under this Agreement or otherwise at law or equity.
